# MOBILE C.A.R.E. MISSION

## OUR MISSION

Mobile C.A.R.E. Foundation is a non-profit organization which dispatches **Asthma and Dental Vans**, full-service specialty health clinics, into distressed Chicago neighborhoods. By working in partnership with local schools, we're able to treat students whom otherwise could not afford necessary on-going care and medication. Our Asthma Vans have been proven to reduce school absenteeism, increase physical activity, and keep kids out of the ER.
